

VOLUNTEERS NEEDED
Become Involved in
PreK-5 Children's Engineering

The Virginia Children's Engineering Council (VCEC) is dedicated to developing design, engineering, and technology instructional material; and, providing local, regional and statewide inservice opportunities for educators at grades PreK-5. The inservice programs help teachers ensure that children develop an understanding of how to use, create, control, and assess technology. These instructional experiences are provided in a design, critical thinking, and problem solving context. These concepts undergird attainment of selected Standards of Learning in English, mathematics, science, and history and social science.

As an organization of volunteers the Council seeks individuals that are interested in participating in the work of the council. Please review the committees below and check the ones that you are interested in serving as a member:

Children's Engineering Journal (CEJ): The CEJ committee publishes three journals per year. Committee members are responsible for soliciting best practice articles including instructional design briefs. The committee reviews, compiles and publishes the journal.

Convention Planning: The convention planning team is responsible for design, planning, and conducting the annual statewide staff develop program for K-5 teachers annual.

Web site: This committee is responsibility for creating and maintaining a state-of-art Web site.

Staff Development: This committee plans and conducts local, regional and statewide workshops for teachers. Committee members should have experience in the engineering design process including design and technology.

Business and Industry: This committee focuses on establishing partnerships between VCEC, business, and industry that builds support to advance the goals of the Virginia Children's Engineering Council.

Please provide your contact information below.

First Name: _____ Last Name: _____

School Division or Organization: _____

School: _____

Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Fax: _____

Email: _____

Please leave the form at the convention registration desk or mail or email to:
